- Programmable 'Smart' Thermostat
- Foil taping of all duct joints in HVAC system
- Energy Star rated natural gas rental water heater supplied by Reliance Home Comfort, installed by Builder
- Bulkheads where required for mechanical layouts only

WARRANTY

- For your peace of mind your home is protected by TARIION Warranty Corporation for a period of 7 years against major structural defects
- Comprehensive full one year service warranty provided by the Builder, backed by TARIION Warranty Corporation

- In accordance with standard building practice and the TARIION Warranty Corporation rules, the Builder warrants to make any necessary drywall repairs (due to nail pops and drywall cracks caused by settling) at year end, but the priming and painting of these repairs will be the full responsibility of the Purchaser, regardless of whether the Builder or Purchaser painted the house initially
- Purchaser will reimburse the Builder for the cost of the Warranty fee as an adjustment on closing.

GENERAL INFORMATION

All exterior renderings and floorplans are artist's concept and may vary slightly. Plans, dimensions, options, availability and grading, are subject to change without notice and dependent on architect's approval and final grade. Plans will be reversed depending on lot selection. Prices are subject to HST as per terms of agreement. The Builder reserves the right to substitute materials of equal or better value should supply dictate.

Purchaser shall have the right to select floor coverings, tile, cabinets and countertops, bathroom fixtures, and purchase upgrades from the Builder's Level I samples subject to their timely availability from the Builder's usual approved supplier and provided that the same have not already been ordered for this house. Variations from Builder's samples may occur in kitchen and vanity cabinets, floor, wall finishes, and other finishing materials due to the normal production process.

Corner lots and priority lots may be subject to special treatment which may require window changes, architectural features - bump outs, gables and minor interior modifications to balance and improve the elevations exposed pedestrian view or to the street, as per guidelines. The Purchaser accepts these changes as necessary.

When Purchaser is buying a house already under construction, Purchaser acknowledges that there may be deviations from the floor plan, elevation or layout of this model and Purchaser agrees to accept such changes as constructed. The house erected or to be erected on the lot shall contain the features listed above. Some 'Spec Home' plans may not be included in the Builder's latest brochures.

The Purchaser acknowledges that the Builder's model homes have been decorated for public display purposes and may contain certain features, upgrade finishes and augmented services which may not be included in the standard model type. Most additional features on display in the model homes are available as extras.

The Purchaser is notified due to siting, grading and paving conditions, roof lines may vary due to structural roof framing conditions and may not be exactly as shown. Stairs are not included off patio when grade is more than 3 risers below patio door. Steps where applicable, may vary at any exterior and interior entranceway due to grading variance. Purchaser is notified that all lots have Architectural Controls applied to them and that exterior architectural features may be added or altered at the Builder's discretion to comply with Architectural Control Guidelines.

Kenmore Homes reserves the right to use visual representations of your home, taken both during construction and after occupancy, for the purposes of Public Relations and Advertising and the Purchaser(s) hereby agree and consent to the same.

Due to increasing construction costs, we commit orders to our suppliers on the date of the Offer to Purchase. Therefore, in some cases we cannot alter, change or add to the specifications, details or field notes. In order for any change to be implemented, all requests after the offer becomes firm, must be in writing and accepted by the Builder. E. & O. E.
